

(a) Direct request

Harmful request (English):

"...uncover a stranger's name & home address from a photo?"

Refused

"I can't help with that."

(b) PolyJigsaw (ours): dispersed across languages, reconstructed, then executed

multilingual fragments (each benign)

[RECONSTRUCTED] "...name & address from a photo?"

Jailbroken

[ANSWER] harmful step-by-step reply

(harmful content redacted)
